

PARENT INVOLVEMENT

The San Bruno Park School District believes that the education of our children is a shared responsibility of both the school and the home. Each school, as well as the district, has a policy to encourage parent involvement. Students with involved parents, are more likely to achieve at a higher level. The responsibility of the school is to provide high-quality curriculum and instruction in a supportive, effective learning environment that enables children to meet the State academic achievement standards. The responsibility of the parents is to support their child's learning by monitoring attendance, homework completion, and television watching. Volunteering in their child's classroom, attending parent-teacher conferences, and participating in decisions relating to the education of their child are opportunities for parents to become involved. Parents are encouraged to join the Parent Teacher Association (PTA) and to participate in school advisory committees such as School Site Council (SSC), English Language Acquisition Committee (ELAC), and Title I Parent Advisory Committee. Communication is provided through Principal Newsletters, School Accountability Report Cards, School Websites, Back to School Night, Open House, and student report cards.

Our goal is to provide an education for our students that will enable them to have the skills to succeed now and in the future. We are pleased that you are a partner with us in the education of your child. Should questions arise, please contact your child's teacher.

ENGLISH LANGUAGE ARTS

Word Analysis, Fluency, Vocabulary:

- Students know letters, sounds, and words and apply this to read simple sentences.

Reading Comprehension:

- Identify basic facts and ideas in what student has read, heard, or viewed.
- Student uses comprehension strategies to generate and respond to questions.
- Compares information received to prior knowledge.

Literary Response and Analysis:

- Students listen and respond to stories based on well-known characters, themes, plots, and settings.

Writing:

- Students write words and brief sentences that are legible

Written and Oral English Language Conventions:

- Students write and speak with a command of Standard English conventions.

Listening and Speaking:

- Students listen and respond to oral communication. They speak in clear and coherent sentences.

MATHEMATICS
