Emergency Bags!

At the beginning of the school year, we sent home a request for each child to bring in a one-gallon "zip loc" bag with specific items that could be used in a short/medium term emergency such as a shelter in place situation. For their safety and comfort, please be sure your child brings in this bag. Contact the principal if you have concerns about being able to supply the items. balford@sbpsd.k12.ca.us

Lexia and DreamBox

All students have access to the online Lexia literacy and DreamBox math programs. Some teachers may ask your child to complete some online work at home while other teachers have chosen to have students complete their work in the class. If your child is supposed to work at home, please be sure to let your child work on this independently. The programs are "adaptive" to the learner's needs and we don't want them to give false results because parents have worked with their child on the problems. Contact your child's teacher for further information.

Book of the Month

Book of the Month has started! For those of you new to the school, the principal goes into each class about once per month to read the same story to all grades. Thanks to PTA support, I am able to leave a copy of the book behind with each class I read to. Our book for September is *The OK Book* by Amy Krouse Rosenthal and Tom Lichtenheld. The message of the book is that eventually, we all become excellent at something; but, in the meantime it's OK to be OK at something. The students especially liked the "OK man" in each of the drawings. Ask them about it!

Noon Supervision!

We still need help at noon.
Please contact the office if you
can help—even once a month
would be great!
